See All Bots - Test Case

This test will verify that clicking the "See All Bots" button will show all the bots available for dueling

STEPS
1. navigate to http://localhost:3000/
2. click "See All Bots" button

POST CONDITIONS
- should be able to see a list of all the bot cards in the game
- bot cards should each have a picture of the bot, bot name, health stats, and two attack stats

See All Bots - Bug Report

When clicked the "See All Bots" button does not show any bots.

STEPS TO REPRODUCE
1. navigate to http://localhost:3000/
2. click "See All Bots" button

EXPECTED RESULT
- all the bot cards should appear

ACTUAL RESULT
- nothing appears

ENVIRONMENT
- firefox version 94.0.1 (64-bit)
- windows 10

Draw and Choose Two - Test Case

This test will verify that that the draw button will display five bot cards and allow you to choose two to duel with.

STEPS
1. navigate to http://localhost:3000/
2. click "Draw" button
3. pick a bot and click "Add to Duo" button
4. repeat step three

5. repeat step three

POST CONDITIONS
- five bot cards should appear after "Draw" button is clicked, all of which should have a button at the bottom that says "Add to Duo"
- clicking the "Add to Duo" button should add the chosen bot card to the "Your Duo" section below if there are less than two
- if adding a third bot card is attempted, an alert will appear informing you that you may only choose two bots
